## **Case Study REVISED FROM APRIL 2018 NEWSLETTER**

Question: Our family is planning to go on a holiday, is it okay to take our student with us?

Answer: The first step is for the student to ask permission of her/his natural parents and provide them with all the details so they can make an informed decision. The second step is for the student to completely fill out the Travel Form available from the ISP School Coordinator. The School Coordinator will contact the natural parent and request written confirmation for the trip once she has received the completed form. Everything goes through the school coordinator. No additional medical coverage is necessary because all students are covered by the new Guard Me Plus plan. It is up to the student to get the information and provide it all to ISP School Coordinator.
